## PROBLEMS THAT SOCIAL WORKERS FACE AND WHAT CAN BE DONE TO HELP THEM

|   |   |
|---|---|
| <p><b>Social isolation</b> is a silent killer—as dangerous to health as smoking. National and global health organizations have underscored the hidden, deadly, and pervasive hazards stemming from feeling alone and abandoned. This is one of most discussed problems by non-profit organizations.</p>   | <p>An app can be made which will give information about how hazardous it is if you get addicted to smoking and alcohol. If a person is addicted to it, we can add number of consultants. The app can be functioned wso that it will take user's location and let his know consultants and get all important information regarding address, fees, problems etc.</p>  |
| <p><b>Stop Family Violence-</b> This violence doesn't only threaten the well-being of its victims but also costs billions in spending for criminal justice. Social, family-focused interventions can help individuals identify abuse early on and prevent it from happening in the future.</p>  | <p>This app will provide resources for domestic violence victims, especially those whose online activity is closely monitored by an abusive partner. The app helps young women identify the warning signs of abuse while also providing information about what a healthy relationship looks like. Self-esteem building tools empower users to put their physical and emotional safety first while content-sharing tools help facilitate conversations about dating abuse, healthy relationships and gender respect.</p> |
| <p><b>Advance Long and Productive Lives-</b> The "Advance Long and Productive Lives" Grand Challenge aims to keep people connected to one another and change the meaning of <b>productivity</b> across the <b>life</b> span. In addition to employment, expanding the meaning of <b>productivity</b> and engagement to include caregiving and volunteering are important aspects of being active.</p> | <p>An app can be made which will give tips and tricks for morning exercise. You can your own timetable for your productive day. This app will also function as a timer for you daily walk and will have a screen where all users can share their own thoughts for what they are doing more to lead a productive life which will also help in communication amongst people.</p>  |
| <p><b>Reduce Extreme Economic Inequality-</b> Extreme economic inequality impacts the overall health and well-being of less fortunate families in need. By creative innovative ways to address tax and wage differences among the elite and impoverished, the case of extreme economic equality can be reduced. This can help struggling families across the nation.</p>                              | <p>An app can made by which if any user faces economic inequality there be a list for contact of proper authorities which will help users. Information will be provided about Economic Inequality so that there can be reduction of inequality amongst our citizens.</p>  |
